

British Club Seniors Section

Lunch Presentation:

“CARDIAC CATH LABS: THE FUTURE OF HEARTCARE”

Introduction of the Speaker: Bruce Hemmingsen

Our Speaker was introduced by Barbara Meynert, head of the Section’s “Lifelong Learning” programme. Barbara explained that her and our Speaker’s paths crossed on a number of occasions over the years, starting when she was the Li & Fung Group and the Fung family’s personal advisor based in Hong Kong.

Bruce is a New Zealander by birth, and has held permanent Thai Residency for many years. He is married to Jentana and has four adult children. He is a qualified pilot, experienced skydiver, and follows both Golf and Scuba Diving.

Originally trained as an Industrial Chemist, Bruce has dedicated almost his entire working life to all aspects relating to the efficient marketing and distribution of Pharmaceuticals, Medical Equipment and Consumables - in New Zealand, Thailand, and throughout most Southeast Asian economies. He has held senior management roles with Zuellig Group, Metro Drug Philippines, IDS Group, LF Asia (Thailand), and Dah Chong Hong, a Hong Kong based conglomerate.

He currently holds the position of Senior Vice President - Projects & Development for IDS Medical based in Thailand and covering most of the region.
